

STEPS TO SUCCESSFUL IMPLEMENTATION

IXL has Maths and English skill plans aligned to your national curriculum, giving teachers access to the precise skills that best cover their curriculum.

LET'S TAKE A CLOSER LOOK AT HOW IXL SUPPORTS STANDARDS PREP

Imagine: You are working with your class on the year 5 Maths standards about decimals and place value.

1.

Plan your lesson

IXL unpacks every standard into targeted skills that help build student understanding and confidence. Use your national curriculum skill plan to find skills that will support your target standard. Be sure to pin your skill plan for easy access!

Australian Curriculum, Version 9.0: Year 5
Skills available for Australia year 5 math objectives

Strand: **Number** | Algebra | Measurement | Space | Statistics | Probability

Maths: **Number**

Represent decimals

- 1. 'What decimal number' is illustrated?
- 2. Understanding decimals expressed in words
- 3. Decimal number lines

Place values

- 4. Place values in decimal numbers
- 5. Reasoning between decimal place values
- 6. Convert decimals between standard and expanded form
- 7. Equivalent decimals

Compare and order decimals

- 8. Compare decimals using models
- 9. Compare decimals to a model
- 10. Compare decimals on number lines
- 11. Compare decimal numbers
- 12. Put decimal numbers in order

These skills will help your students develop proficiency on your target standard.

2. Deliver your lesson

To deepen understanding of your lessons on number and place value, have students tackle the supporting IXL skills during class or as homework.

Encourage your students to strive for a SmartScore of 80 (proficiency) on each skill. Remember that every IXL skill is adaptive, and will guide students from simpler tasks to more complex problems.

3.

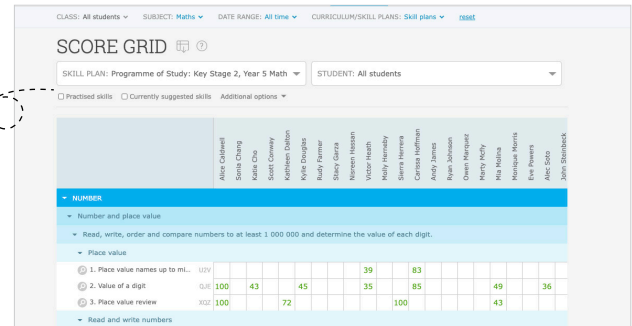

Check for understanding

Score Grid

To see which students completed their assignments, visit the Score Grid report and turn on the Skill plans filter at the top of the page.

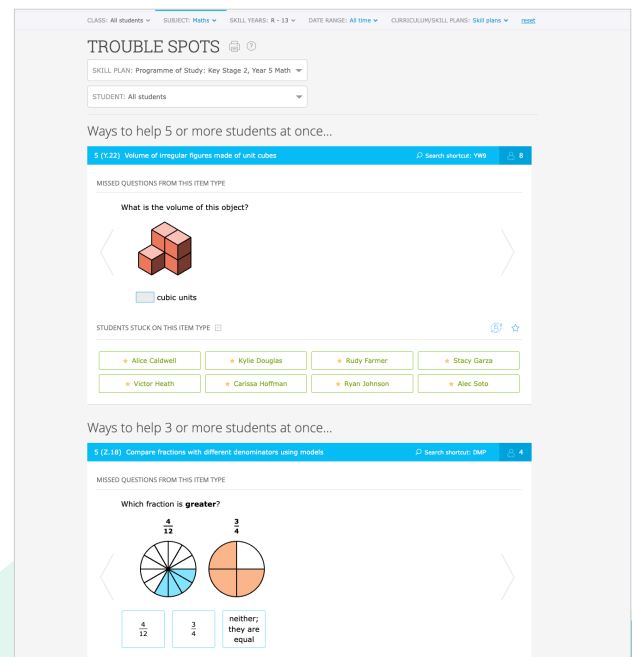

Pro Tip:

The Additional Options menu can make it even easier for you to check for assignment completion. Use the tools in this menu to view only the skills for your skill plan, as well as to highlight scores above 80.

Standards Trouble Spots

Check out your Trouble Spots report and turn Skill plans "On" for instant insights on students who might be struggling with your target standard. Use the groupings provided to form small groups for reteaching.
